

Rahul Kulkarni

Frontend Developer | Ahmedabad, Gujarat | +91 7753524491 | rahul.kulkarni81@gmail.com

PROFESSIONAL SUMMARY

Motivated frontend developer with experience building software applications, working with databases, developing APIs, and solving practical engineering problems. Strong interest in scalable systems, clean code, automation, and collaborative development.

SKILLS

Java • Git • AWS • Python • Machine Learning • SQL • MongoDB • Node.js • C++

WORK EXPERIENCE

Frontend Developer — BluePeak Systems | Jan 2024 – Present

Developed and maintained application features, integrated REST APIs, improved database queries, participated in code reviews, and collaborated with designers and other developers to deliver releases.

Junior Developer — Vertex Digital | Jun 2022 – Dec 2023

Created reusable components, fixed production issues, wrote automated tests, documented technical changes, and supported deployment and debugging activities.

EDUCATION

B.E. in Information Technology — 2020 – 2024

Relevant coursework: Data Structures, Database Management, Operating Systems, Computer Networks, Software Engineering.

PROJECTS

Candidate Management Platform — Built a Python-based application for processing candidate profiles, extracting structured information, and ranking applicants against job descriptions.

Analytics Dashboard — Developed an interactive dashboard using Python and SQL to summarize operational data and generate useful performance metrics.

CERTIFICATIONS

Python Programming Certificate; SQL and Database Fundamentals; Introduction to Cloud Computing.
